Subject: Mathematics		Grade: 1	Term: 4		Week: 7-9
TOPIC: Mass	Content: -Kilogram -Gram -Mass	Time allocation: 2 hours	Date started:	Date completed:	
Prior content knowledge: • Measure own mass in kilograms using a bathroom scale. • Measure the mass of different items using a kitchen scale in kg	Lesson objectives: The learners must be able to: • Compare and order the mass of two or more objects by feeling them. • Describe the mass of objects by counting and stating the mass in informal units.		Vocabulary/ important words: • Mass • Kilogram(kg) • Gram (g)		Teaching strategies: • Demonstration • Observation • Verbal counting

Resources: - Counters - Flash cards - Worksheets - Pencils & crayons - Exercise books	TEACHER'S ACTIVITIES - Teacher will introduce formal measuring. - Teacher will describe the mass of objects by counting and stating the mass in informal units	LEARNER'S ACTIVITIES - Learners will interact with teacher by also identifying difference between kilogram and grams. - Learners will discuss mass e.g. light, heavy, lighter, heavier	Assessment goal: Assessment strategy: Informal X Formal Assessment tool: Rubric
Differentiation (Enrichment opportunities/ addressing barriers) - Group 1: Will work on DBE books and also talk about activities associated with mass - Group 2: Will use talk about differences between kilogram and grams in mass. - Group 3: Learners will use DBE to see picture of mass			Practical task - Learners will measure own mass in kilograms using a bathroom scale. - Learner will measure the mass of different items.
