Mathematics annual teaching plan Term 1

week	Date	Content area	topic
1-2		Numbers, operations and relationships	↓ Count forward and backwards in 1ns from any number up to. ↓ Identify number symbols and number names.
3		Numbers, operations and relationships	↓ Describe compare and order numbers from 1-20
4		Numbers, operations and relationships	↓ Compare whole numbers using big, small, more, less and equal to.
5		Assessment week	Assessment week
6		Measurement	↓ Compare and order the Length (Short, long, height tall, and short) of two or more objects by placing them to each other
		Space and shape	↓ Recognize and name 2d shapes (circles, triangles, rectangle and squares) sort, compare and describe shapes.
7		Assessment week	Assessment week
8-9			↓ Add to 10 ↓ subtract from 10 ↓ use appropriate symbols (= + /) ↓ solve addition and subtraction problems (number bonds to 20)
10		Assessment week	↓ assessment week

Term 2

week	Date	Content area	topic
2		Numbers operations and relationships	↓ Count forward and backwards up to 30 from a given number. ↓ Number symbols and number names
3		Numbers operations and relationships	↓ Recognize and identify the South African coins. ↓ Addition and subtraction of money.
4		Assessment week	Assessment week
5		Space and shape	Language of position ↓ Understand the position of one object in relation to another e.g. on top of, in front of, behind, up, down, next to
6		Space and shape	Range of objects ↓ Recognize and name 3D objects in the classroom and in pictures ball shapes (spheres, box shapes prism)
7		Assessment week	Assessment week
8		Data handling	↓ Sort out every day concrete objects. (Graphs)
9		Measurement Patterns	↓ Time ↓ Talk about passing of time, sequence events (start to use concepts today, tomorrow) ↓ Copy and extend simple patterns using body percussion (clapping, stamping) ↓ Make simple patterns using 2D geometric shapes. <i>3D shapes</i>
10		Assessment week	Assessment week

Term 3

Week	date	Content area	topic
2		Numbers, operations and relationship	↓ Identify recognize and read numbers 1-40 ↓ Identify, recognize and read numbers 0-18 ↓ Count backwards and forward
3		Numbers, operations and relationship	↓ Order numbers from biggest to smallest and smallest to biggest. Smaller than; greater than; more than; less than; and equal to. ↓ Position objects in line from first to tenth.
4		Assessment week	Assessment week
5		Space and shape (geometry)	Rage of shapes ↓ Recognize and name 3D shapes (sphere, prism, cube and etc.) Features of shapes ↓ Describe sort and compare 3D shapes in terms of color, size draw shapes
6		Assessment week	Assessment week
7		Numbers, operations and relationship	↓ Add to 18 ↓ Subtract from 18 ↓ Use appropriate symbols (+, -, =) ↓ Add the same number repeatedly up to 20
8		Numbers, operations and relationship	↓ Recognize and identify the south African coins 50c R1, R2, R5, and bank notes R10, R20, R50, R100 ↓ Problem solving using south African coins and bank notes
9		Assessment week	Assessment week

Term 4

Week	Date	Content area	Topic
2		Numbers, operations and relationship	↓ Identify, recognize and read number symbols 1-50 ↓ Write number symbols 1-30 ↓ Recognize and read number names 1-20
3		Numbers, operations and relationship	↓ Describe compare and order numbers 1-30 ↓ Compare whole numbers up to 10 using smaller than, greater than, more than, less than and is equal to
4		Assessment week	Assessment week
5		Numbers, operations and relationship	↓ Recognize and identify the south African coins 50c R1, R2, R5, and bank notes R10, R20, R50, R100
6		Numbers, operations and relationship	↓ Add to 18 ↓ Subtract from 18 ↓ Use appropriate symbols (+, -, =)
7		Assessment week	Assessment week
8		Position and views Position and directions	↓ Position and views ↓ Understand the position of one object in relation of another e.g. top and bottom ↓ Follow directions to move around the classroom
9		Revision	Revision
10		Assessment week	Assessment week
