

Visual Arts

Year 1

Term 4

Learner Book

The natural world around us

Visual Arts

1. Visual Literacy

Elements of Art

The elements of art are sort of like the “building blocks” for creating something. There are 7 elements of art.

Dear learner by the end of this activity you will be able to:

- Identify and give examples of all the elements of art.

Activity 1

- Draw an example of every element of art that is identified for you.
- Listen to your teachers' instruction while doing this activity.
- Do as she instruct you, do not work ahead.

PLEASE do not write or draw in this book.

Element of art	Example
e.g. Form Explain form to them, it is basically shape(2D) that was made 3D.	 Source: Microsoft Word
Shape	
Colour	
Line	
Texture	
Space	
Value	

2. Natural world around us

- Look at the following images of the natural world we live in.
- See if you can identify the art elements in each of the following 10 photographs.

Southern hawker by Robert Harvey

Langdale Pikes by Robert Harvey

King Penguins by Robert Harvey

Dead Vlei by Robert

Harvey

Stonehenge by Robert Harvey

Roberty Harvey

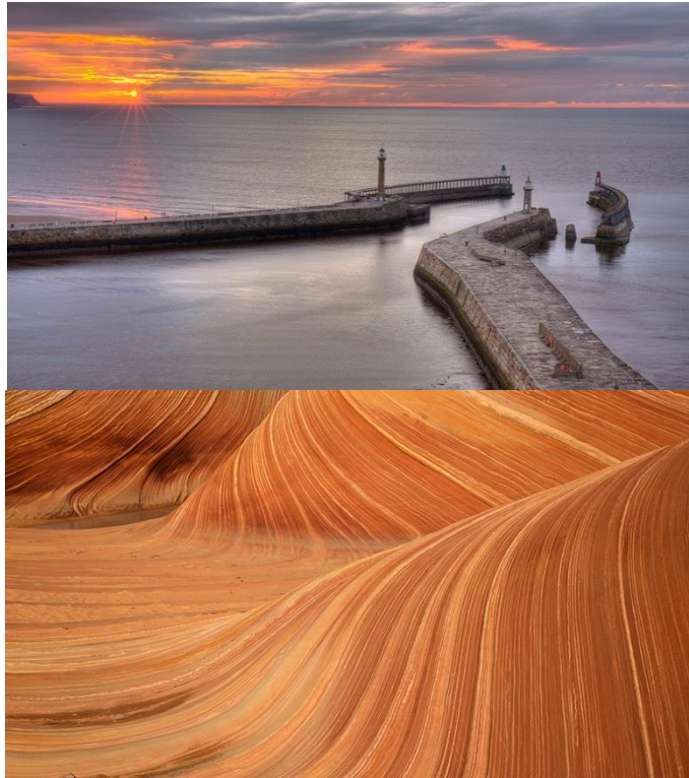

Mountain hare by

Aurora and Milky Way by Robert Harvey

Knowlton Church by Robert Harvey

Sunset Whitby Harbour by Robert Harvey

The Wave by Robert Harvey

3. Create in 2D

Natural world around us

Assessment 1 Formal activity

Start Date: _____

End date: _____

Dear learner by the end of this activity you will be able to:

- Make a landscape drawing.
- Use drawing and/or colour media to exploring a variety of media and techniques.
- Use art elements: Reinforce secondary and related colours in own images of the natural world.

Recourses

Visual stimuli.

2/3B pencil, charcoal, coloured inks, oil pastels, tempera paints.

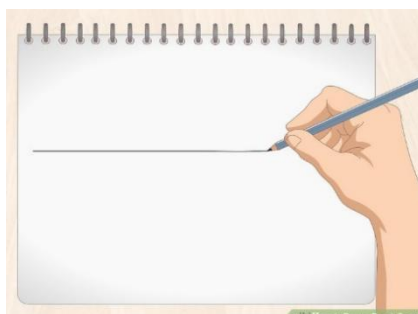

Instructions

Draw or paint an image of scenes of the natural world. Pay special attention to how you use colour, texture and contrast in your own image.

Example

Step 1

- Draw a horizon line in pencil.
- Draw a straight, horizontal line across the middle of your piece of paper.
- This will be the horizon line, the line where the ocean (ground) meets the sky.

wikihow.com

Step 2

- Add a wave line (sidewalk, grass) for the edge of the water.
- Below the horizon line, but not quite at the bottom of your paper, draw a wavy line across your whole page.
- This will mark the tideline, where the water reaches the sand. (This will be where the middle meets the foreground.)
- Make the curve of the line different sizes to make it look more realistic.

Step 3

- Draw little squiggles in the water to look like waves. (Zigzags for grass)
- Your scene will have fore, middle and background, make sure that all parts are easily identified for what it is.
- Don't worry too much about making it look perfect. You are just at the pencil stage and can fix it up later with colours.

Step 4

- Draw clouds in the sky.
- To draw clouds, sketch short, connected curved lines. You can make the clouds as big or as small as you want, you can also add swirls in the middle of the clouds for a more realistic effect.
- If you want your scene to be perfectly sunny, with no clouds, then feel free to skip them.

wikihow.com

Step 5

- Draw the sun or the moon.
- If you want your scene to take place at sunrise or sunset, then draw the sun or moon as it would appear during that time of day/ night.

wikihow.com

Step 6

- Start adding detail to your scene.
- Things that you want in the foreground will be bigger than things in the middle. The background will have the smallest objects and they may even be a little out of focus.

Step 7

- Go over your pencil lines with a darker pencil, colour, paint or whatever medium you are using.
- You can also erase the guidelines or rough outer lines that you no longer need.

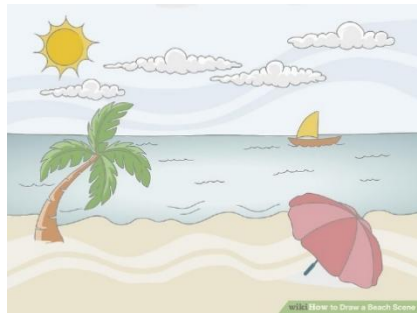

wikihow.com

Step 8

- Colour your picture with colour pencil, colour, paint or whatever medium you are using.

- Here you can experiment with different tone value, colour and create interesting textures.
- Have fun!

wikihow.com

✓ **Rubric**

Assessment criteria	Marks allocated	Marks received
Elements of Art:		
1. Texture: Implied textures were created and are successful.	3	
2. Contrast: Learners was able to create contrast in some elements of the finished image.	3	
3. Colour: Use secondary colours in image.	3	
Use of a variety of colour and or drawing media.	4	
Technique: Work is neat and clean. Presents well.	3	
Fore, middle and background is clearly recognisable.	3	
Scene that was drawn is appropriate and meets with the brief.	4	
Task completed on time.	2	
TOTAL	25	

Reflection (use visual diary for reflection)

1. Did you enjoy this activity?
2. What was your favorite part?
3. Why?

4. Create in 3D

Animals

Assessment 2 Formal activity

Start Date: _____

End Date: _____

Dear learner by the end of this activity you will be able to:

- Use skills and techniques like pasting, cutting, wrapping, tying, joining various recycled materials.
- Use art elements: Texture, shape/form, colour that you reinforce through your construction.
- Spatial awareness: Reinforce conscious awareness of extending parts of models into space.
- Use tools appropriately and enhance safety measures.

Resources:

Recyclable materials: Cardboard, paper cut off, beads, sequins, ribbon, natural objects, various other suitable material, cotton. Wire for hanging, wood, glue etc.

Teachers Notes:

Hand out the student's visual diaries for their practice work.

Students need to draw their design in their visual diaries. (Planning)

Teachers provide recyclable materials as well as ask students to bring from home.

Encourage them to bring more than what they personally need so that they can share.

Instructions

- Draw your design on paper (visual diary) and then build using different kinds of mix media, recyclable materials.
- Take inspiration from your 2D drawing and build something that is found in your picture (the natural world).

Example

Step 1

- Take a piece of strong cardboard or plastic (milk carton, soft drink bottle) and cut it into a triangle, for the sail.
- The base of the triangle should be about 10-12cm, the same for the edges.

wikihow.com

Step 2

- Slide the triangle into the clothespin slit.
- Use additional small pieces of card, plastic to wedge it into place.

wikihow.com

Step 3

- Pierce a small hole into the top corner of the sail.
- This is the bit that will be above the water.
- Slip string through this and tie a small knot to prevent the string slipping back through.

wikihow.com

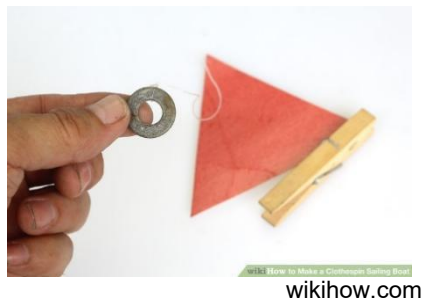

Step 4

- Pull the string taut from the sail to the clothespin end.
- Wrap around the end several times.
- Leave string dangling down for the next step.

Step 5

- Attach a weight such as a washer or other heavy object to the end of the string.
- This serves as the boat's anchor.
- Allow the dangle but trim off excess string after firmly attaching.

Step 6

- Place a weight such on the lower side of the triangle sail.
- This will serve as the boat keel.
- Any object, a button, safety pin or unwanted earring can be used. Glue or attach firmly.

Step 7

- Add a sailor or two.
- Cut out some people figures and glue them on the boat.

Step 8

- Finished!

Optional

Step 9

- Test your boat.
- This is just an optional extra activity.
- It's most likely you'll need to adjust and fiddle around a bit before you find the best sailing position.
- Experiment in a basin of water first.

✓ **Rubric**

Assessment criteria	Marks allocated	Marks received
Elements of Art:		
1. Texture: Did you create an interesting texture that fits with the animal that you made?	3	
2. Shape/ Form: Does the shape of your animal resemble that of the real animal?	3	
3. Colour: Interesting colour choices that complement the finished design.	3	
Spatial awareness: Design is viewable from multiple angles with extending parts.	3	
Technique: Work is neat and clean. Presents well.	3	
Tools: Used recyclable material in 80% of finished object.	3	
Evidence of planning and finished product resembles planning.	4	
Task completed on time.	2	
Worked in an orderly manner and workstation was cleaned after activity.	1	
TOTAL	25	

Reflection (use visual diary for reflection)

1. Did you enjoy planning (designing) and then making your own object?
2. What was your favorite part of this whole activity?
3. Why?

Your teacher will do this activity with you in class.

Teachers resource

How to make paper clay

- 1. Gather your supplies.** To make paper clay, you'll need toilet paper as well as a few supplies you can find at the hardware store. This recipe results in a smooth, malleable clay you can mould over any type of prepared form. It dries into a hard surface to which you can apply paint or varnish. Here's what you need:^[1]
 - 1 roll of single ply toilet paper (not the kind with lotion, scent or colour added)
 - 1 cup premixed joint compound (do not buy it in powdered form; get "regular")
 - 3/4 cup PVA glue (white school glue)
 - 2 tablespoons mineral oil
 - 1/2 cup white flour
 - 2 large bowls
 - Electric mixer
 - Measuring cups
- 2. Remove the toilet paper from the roll.** It's less messy to slip the entire roll of paper off of the cardboard roll at once, rather than unwinding the paper entirely. Place the toilet paper in one of the bowls.
- 3. Fill the bowl with water.** Pour it over the toilet paper until it's completely saturated. Push the toilet paper down into the water to make sure it all gets wet.
- 4. Squeeze out the toilet paper and place the pulp in a separate bowl.** Tear it off in smaller chunks (1 inch or less) so you can squeeze out as much water as possible. Place the pulpy chunks in a separate bowl so you can mix them with the other ingredients. Keep going until you've squeezed out all the toilet paper.
- 5. Measure 1 1/2 cups of toilet paper pulp.** One roll of plain toilet paper typically equals a cup and a half of pulp. If your brand of toilet paper makes very small or large rolls, you might end up with less or more pulp than you need. Make more toilet paper pulp or discard the excess as needed, so you have 1 1/2 cups of pulp in the bowl.

- 6. Add the remaining ingredients.** To the bowl with the pulp, add a cup of premixed joint compound, 3/4 cup white school glue, 2 tablespoons mineral oil, and 1/2 cup white flour.
- Do not substitute these ingredients. Different types of glue, oil, flour, and so on will change the consistency of the paper clay and may not produce the results you want.
- 7. Mix up the clay until smooth.** Use your electric mixer to beat the clay at a high speed. The paper fibres will break down and blend with the joint compound, glue, oil and flour until it takes on a smooth, dough-like consistency.
- If you want a thicker clay, mix in an extra half cup of flour.
 - For a thinner consistency, add an extra half cup of glue.

How to make clay

Ingredients

Flour and Salt Clay

- 4 cups (480g) of all-purpose flour
- 1.5 cups (417g) of salt
- 1.5 cups (350ml) of water

1. **Mix 4 cups (480 g) of flour and 1.5 cups (417 g) of salt in a large bowl.** Add both dry ingredients to a large mixing bowl. Then, use a big plastic or wooden spoon to stir the dry ingredients until they are thoroughly mixed.
 - Make sure the flour and salt are **mixed well before you add the water** because it will be harder to redistribute one of the ingredients once the clay starts to form.
2. **Add 1.5 cups (350 mL) of water gradually as you stir the mixture.** Pour small amounts of water into the bowl at a time, stirring between pours. Blend the mixture as well as you can before you add more water. By the time all of the water is added to the bowl, your clay should be forming a ball.
 - It should get harder to stir each time you add more water.
3. **Knead the clay until it reaches an even consistency.** Take your clay out of the bowl and place it on a flat surface, like the kitchen counter. Use your hands to push and pull the clay to work it into a nice consistency.
 - You can also pick up your clay and throw it down on the counter to work out any air bubbles that might be present. This will help your clay stay moist longer.
4. **Sculpt the clay as you desire.** Now that your clay is ready, you can mould it into a figure, create ornaments, or just play around. Use it as you would use a store-bought clay.
 - This kind of clay can make great keepsakes. For example, press your child's foot or hand into the dough until there is an imprint, then let the mould harden to make a gift.

Tip: Use cookie cutters or a glass to cut out shapes, if you like. Start by rolling your clay out flat using a rolling pin. Then, cut your clay into shapes using a cookie cutter or a drinking glass, which can make circles for ornaments. If you wish to hang the shapes as ornaments, poke a hole near the top of the shape using a drinking straw or a toothpick.

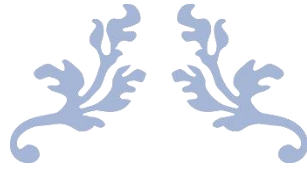

5. **Allow the clay to air dry for 2 days to preserve your model.** If you want to create a sculpture or keepsake, you'll need to let your clay dry. This kind of clay dries out quickly, but it's best to leave it untouched for at least 2 days to make sure it's fully dry.

Variation: If you need to speed up the drying process, bake your clay at 100 °C for 3 hours. If it still feels soft after 3 hours, you can put it back in the oven for up to 2 more hours.

6. **Store unused clay in an airtight container.** You can preserve your clay for a few weeks by keeping it in an airtight container. Make sure you leave the clay in the container whenever you're not playing with it, as it will dry a little bit whenever it's exposed to the air.
7. For instance, you can use a plastic bag with a zipper or a Tupperware container. For extra longevity, place the clay in the refrigerator.

PERFORMING ARTS

YEAR 1 TERM 4

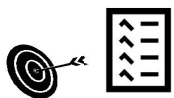

Practical Assessment Task (PAT)

This term you will be will create an ensemble work, drawing from the skills you have learned in term one to three.

For Information

Ensemble is when a group of actors, musicians, dancers, comedians perform together. The group does not have to have the same skills for performance nor perform the same genre. In order for a successful ensemble, each group member must contribute creativity and be organised.

Practical Assessment Task (PAT)

Process

1. Warm Up and Play

Drawing from the topic of rhythm you have learned in term one, develop your rhythm in each you want to be your signature tune. This means that this rhythm will be associated with you among your peers. At the same time, you need to be able to identify your peers' rhythm. The rhythm you must remember as it will help you integrate quickly into the community

2. Improvise and Create

Part A

- You are in a neutral position and walking into the space and your teacher guides you on your speed, from walking to jogging and running.
- Suddenly there is a lighting which you end up following falling and there is a sudden blackout.
- When the light comes back, you find yourself in an indigenous community as an exchange learner within the Khoisan Community.
- The visuals below are a stimulus to help you to have an idea of the lifestyle in this community.

[google images]

- You are part of this community with your classmate.
- You are sitting in a semi-circle. Using your rhythm tune introduce yourself to the community and offer a gift using mime to a member of the community.
- Once all the learners have done their rhythm and gift offering;
- Learners repeat the rhythm and this time you must include movement.

Part B

- All learners must then create a complete performing together.
 - The first learner must stand in the centre and do the rhythm and movement
 - Learners must create a 'machine' through joining the other learners closely
 - The movement and rhythm must take place simultaneous and learner learners must perform. This is a group offering to this community

Part C

Visual Journal

- Learners must develop a poster with images as their reflection on their visit to the community

- In the visual journal they must describe their experience when they first got to the community and reflect on their things they saw and experience on their group offering (Performance).

3 Interpret and Perform

- Throughout the year you have been creating various performances from different genres; this term is when you are to create a new performance from any genre of your choice or use an existing one from previous term which you need to improve.
- Target Audience: Children
- Choose ONE for the genre piece. You may use the previous session of the Khoisan community visit as an inspiration in your work.
 - Group storytelling
 - Miming
 - Role play
 - Dance piece from any genre
 - Music piece from any genre
 - Props and costume
 - You may use costume to enhance the visual presentation of your work.
- Presentation of the PAT
 - You may use that different forms of presentation such as; recording of work digital and/or face to face.

Drama performance Rubric

Criteria	Exceeds Expectations 10-8	Meets Expectations 7-6	Approaching Expectations 5-4	Does Not Meet Expectations 1-3
Knows the Story	Knows the story well; has obviously practiced telling the story; uses no notes; speaks with confidence	Knows the story pretty well; some practice; may use notes; fairly confident	Knows some of the story; has not practiced; relies on notes; appears uncomfortable	Does not know story; reads from notes
Voice & Pacing	Always speaks loudly, slowly, and clearly Story told at the appropriate pace, depending on the story line	Usually speaks loudly, slowly, and clearly Story told well, but some parts may be rushed or dragged in some parts	May speak too softly or too rapidly; mumbles occasionally Story rushed or dragged in several parts	Speaks too softly or too rapidly; mumbles Story told at one pace; no excitement
Audience Contact	Storyteller looks at all the audience; involves them with questions	Storyteller looks at a few people in the audience; involves only a few with questions	Story told to only 1 to 2 people in the audience; little audience involvement	Storyteller does not look at audience; no attempt to involve audience with questions
Appropriateness	Story is developmentally appropriate for audience	Most of the story is developmentally appropriate for audience	Some of the story is developmentally appropriate for audience	Story is developmentally inappropriate for audience
Props	Outstanding use of props; props are appropriate	Good use of props; props are appropriate	Uses props some of the time; some props not appropriate or are distracting	Poor use of props; uses no props or inappropriate props

Dance Rubric

Criteria	Exceeds Expectations 10-8	Meets Expectations 7-6	Approaching Expectations 5-4	Does Not Meet Expectations 1-3
Knowledge of Choreography	Demonstrates excellent knowledge of choreography and performs movement free of errors.	Demonstrates knowledge of movement and performs with few errors.	Demonstrates some knowledge of movement, and performance has many errors.	Demonstrates no knowledge of movement
Stage Presence	Dancer uses their face and body to fully express the intent of the movement.	Dancer uses facial and body expressions when performing.	Dancer uses little face and body expressions when performing the movement	Dancer uses no facial and/or body expressions.
Technique	Great attention to the quality of movement, body position, and demonstrates excellent understanding of dance style.	Choreography is performed with attention to details and shows proficiency of dance style.	Choreography is performed with little attention to details of movement, and student is not proficient in dance style.	Choreography shows no attention to details of movement and demonstrates little knowledge of dance style.
Musicality	Shows a full understanding of rhythm and timing by staying on beat for the entire dance.	Shows understanding of rhythm and timing by staying on beat throughout most of the dance.	Has some knowledge of rhythm and timing, but speeds up/and or slows down many times throughout dance.	Dancer speeds up/ and or falls behind often throughout the dance.
Effort	Shows great effort while performing choreography.	Shows effort when performing choreography	Shows little effort while performing the choreography	Shows no effort while performing choreography

Music Rubric

Criteria	Exceeds Expectations 10-8	Meets Expectations 7-6	Approaching Expectations 5-4	Does Not Meet Expectations 1-3
Pitch	3357764 Virtually no errors. 0 Superior Virtually no errors. Pitch is very accurate.	3357762 An occasional iso 0 Excellent An occasional isolated error, but most of the time pitch is accurate and secure.	3357761 Some accurate pi 0 Very Good Some accurate pitches, but there are frequent and/or repeated errors.	3357760 Very few accurate 0 Average Very few accurate or secure pitches.
Tone Quality	3357775 Tone is consisten 0 Superior Tone is consistently focused, clear, and centered throughout the range of the voice.	3357770 Tone is focused, 0 Excellent Tone is focused, clear, and centered through the normal singing range. Extremes in range sometimes cause tone to be less controlled. Tone quality does not detract from the performance.	3357769 Tone is often focu 0 Very Good Tone is often focused, clear, and centered, but sometimes the tone is uncontrolled in the normal singing range. Extremes in range are usually uncontrolled. Occasionally the tone detracts from overall performance.	3357768 The tone is often 0 Average The tone is often not focused, clear, or centered regardless of the range, significantly detracting from the overall performance.
Rhythm	Superior	Excellent	Very Good	Average

	The beat is secure and the rhythms are accurate for the music being sung.	The beat is secure and the rhythms are mostly accurate. There are a few duration errors, but these do not detract from the overall performance.	The beat is somewhat erratic. Some rhythms are accurate. Frequent or repeated duration errors. Rhythm problems occasionally detract from the overall performance.	The beat is usually erratic and rhythms are seldom accurate, detracting significantly from the overall performance.
Expression and Style	3357781 Performs with a creative nuance and style in response to the score and limited coaching. Follows melodic direction. 0 Superior	3357780 Typically performs with nuance and style that is indicated in the score or which is suggested by instructor or peer. 0 Excellent	3357779 Sometimes performs with nuance and style that is indicated in the score or which is suggested by instructor or peer. 0 Very Good	3357778 Rarely demonstrates expression and style. Just sings the notes. 0 Average
Diction	3357782 Student articulates clearly and the text of the music is understandable. 0 Superior	3357783 Student articulates the words somewhat clearly and the text can be understood most of the time. 0 Excellent	3357784 Student is sometimes articulating the words, but the text is often not discernable. 0 Very Good	3357785 Student rarely articulates the words and the text is not discernable. 0 Average

Mime Rubric

Criteria	Exceeds Expectations 10-8	Meets Expectations 7-6	Approaching Expectations 5-4	Does Not Meet Expectations 1-3
Story	Story was missing a beginning, middle, climax and/or end. The story lacked meaningful description, and showed little understanding of the needs of a silent performance.	Story had a beginning, middle, climax and end. Story showed some understanding of the needs of a silent performance, but needs to be more descriptive.	Story had a beginning, middle, climax and end. Story was fairly descriptive, and showed a good understanding of the needs of a silent performance.	Insightful story with beginning, middle, climax and end. Story was descriptive, specific, and showed excellent understanding of the needs of a silent performance.
Character	A lack of sufficient character work was evident, and the student often dropped character during performance.	Some character work was evident, but the portrayal was inconsistent on stage.	Character was well-thought out, and the student stayed in this character for most of the performance.	Student portrayed a well-rounded and compelling character for the entire performance.
Mime Skills	Performance showed a flawed and incomplete understanding and execution of mime skills, including body language (expression, separation of movements), object use (size, shape, weight), and environment (relative locations, use of stage, awareness of audience).	Performance showed a partial understanding and execution of mime skills, including body language (expression, separation of movements), object use (size, shape, weight), and environment (relative locations, use of stage, awareness of audience).	Performance showed a good understanding and execution of mime skills, including body language (expression, separation of movements), object use (size, shape, weight), and environment (relative locations, use of stage, awareness of audience).	Performance showed an excellent and insightful understanding and execution of mime skills, including body language (expression, separation of movements), object use (size, shape, weight), and environment (relative locations, use of stage, awareness of audience).
Voice & Pacing	Always speaks loudly, slowly, and clearly Story told at the appropriate pace, depending on the story line	Usually speaks loudly, slowly, and clearly Story told well, but some parts may be rushed or dragged in some parts	May speak too softly or too rapidly; mumbles occasionally Story rushed or dragged in several parts	Speaks too softly or too rapidly; mumbles Story told at one pace; no excitement

Appropriateness	Story is developmentally appropriate for audience	Most of the story is developmentally appropriate for audience	Some of the story is developmentally appropriate for audience	Story is developmentally inappropriate for audience
