Painting Maintenance

Safety rules in the workshop.

1. Do not perform work in a heavily populated area.
2. Protect your working area with flags or traffic cone.
3. Eye protection is required.
4. Always observe condition of the material before sanding.
5. Store and dispense flammable solvents from the approved safety container only.
6. Clean all working area after each job.
7. Make sure that you wash your hand before handling food.
8. Inspect all ladders and scaffolding before you begin work.
9. Make sure that rungs on ladder are long enough to extend well beyond supports.
10. Do not climb onto or use rolling type scaffolding unless wheels are fully locked.
11. Inspect all ropes before use.
12. Do not use fiber ropes near sandblasting.
