ATTENTION: MR DONALD COOK

1. EFFECTIVE PRINTING

- 1.1 Normal printing often looks simple, but if old-fashioned printers and photo-copiers are used, it can cause chaos in an institution.
- 1.2 We are aware that you, one of our most valued clients, also try to keep pace with technology. In the past, we have observed that some organisations often neglect to replace their printers on a regular basis. This sometimes causes a bottleneck that can seriously affect operations.
- 1.3 By using the correct printers, you can save tremendously on printing costs. Compare the following examples and see if you agree with us:
 - printers should be able to print on both sides of a sheet of paper;
 - ordinary black-and-white printers can be used for internal printing, while a colour printer can facilitate external communication;

- at educational institutions where a great deal of printing is done, you should use copiers that can immediately staple documents and store them on a shelf.

2. EFFECTIVE DISTRIBUTION

You have no doubt already experienced that some role-players want their information digitally, while others wish to receive a hard copy. At your institution this process can be automated and in so doing, the distribution time will be considerably reduced.

We are pleased to invite you to contact us. We would love to demonstrate how you will be able to make considerable savings on printing and distribution costs in your institution.

Yours faithfully

Doeltreffende drukwerk & verspreiding van dokumente by SA Akademie
Die koste van drukwerk is deesdae baie hoog. 'n Opvoedkundige inrigting kan egter baie kostes bespaar deur die manier waarop drukstukke gereproduseer word. Moderne tegnologie kan dit vir u inrigting moontlik maak om dokumente meer doeltreffend uit te druk, te versend en inligting te bestuur. Let op na die volgende sake:

DOELTREFFENDE DRUKWERK

Gewone drukwerk kan dalk uiters eenvoudig lyk, maar indien outydse drukkers gebruik word, kan dit chaos in 'n inrigting veroorsaak.

Ons is bewus van die feit dat u, een van ons mees gewaardeerde kliënte, ook probeer byhou met nuwe tegnologie. In die verlede het ons waargeneem dat sommige instansies dikwels nalaat om die drukkers ook gereeld te vervang. Soms veroorsaak dit 'n bottelnek wat die bedrywigheide erg kan strem.

Deur die regte drukkers te gebruik, kan u baie bespaar op drukkoste. Vergelyk die volgende voorbeelde & besluit of u met ons saamstem:

drukke behoort op albei kante van 'n vel papier te kan druk;

gewone swart-en-wit drukke kan vir interne drukstukke gebruik word, terwyl 'n kleurdrukker eksterne kommunikasie kan fasiliteer;

by opvoedkundige inrigtings waar baie drukwerk gedoen word, behoort u van drukke gebruik te maak wat dokumente dadelik kan vaskram en in 'n rak stoor.

To Whom It May Concern:

Justin Horter was a customer service employee in our store, The Factory Outlet, in the spring of 2000. During this time, he answered phones and was responsible for handling customer compliments and complaints.

Justin was a conscientious employee who performed his duties well. His attendance was excellent, and his attitude was one of cooperation with and respect for coworkers and customers.

In my opinion, Justin's work habits and personal characteristics will help him be successful in any career he chooses. I am pleased to recommend Justin for a customer service management position.

Customizing daily, weekly and monthly office cleaning lists can prioritize cleaning tasks by office location. No two offices are identical. Larger office populations may demand an increased frequency in some cleaning tasks versus offices with fewer personnel. When hiring a cleaning service, an office manager can use cleaning lists to organize cleaning tasks and as a guide for shopping the best prices and service options.

Designing Daily, Weekly and Monthly Office Cleaning Lists

The daily, weekly and monthly office cleaning lists described here are based on the needs of a mid-sized office. Some daily tasks may have to be performed twice or more daily for larger office sizes while other daily tasks may be relegated to weekly tasks in smaller offices. Each task list offers a set of guidelines for developing cleaning lists for your office size.

Daily Cleaning Lists

Daily cleaning lists are comprised of the absolute minimum tasks that must be completed in order to keep an office clean and sanitary for office workers. Daily cleaning lists will address communal areas of an office, including the reception or lobby area, workspaces (offices or cubicles), washrooms and the break room or kitchen area.

Top daily cleaning lists for an office reception, lobby and workspace areas should include:

- Vacuuming daily debris from all floor areas (including tile)
- Disinfectant mopping of all hard floor and tiled areas
- Empty waste bins, wash as needed and add new liners
- Standard glass cleaner to wipe down all glass areas
- Damp-wipe hard surfaces with mild disinfectant
- Polish brass and bright work
- Clean walls and painted surfaces as needed
- Wipe down door handles, light switches and baseboards

Top daily cleaning lists for the break and wash rooms (including kitchen break rooms) should include:

- Empty waste bins, wash as needed and add new liners
- Disinfectant mopping and wipe down of all hard surfaces
- Sanitize and clean all basins, toilets, doors and fixtures in washroom
- Refill soap dispensers
- In the event of dishwasher, load all dishes present in dishwasher and run
- Wipe down all reflective surfaces including mirrors, brass and glass
- Use spray disinfectant on the sides of all surfaces including toilets, doors, sinks and appliances

Weekly Cleaning Lists

Weekly cleaning lists include bigger ticket and deep cleaning items that create a healthier work environment for employees and guests of the office.

- Polish and buff all hardwood surfaces including floors and conference tables
- Squeegee glass windows inside and out (as practical)
- Empty refrigerator of all employee brought food, clean and disinfect
- Empty and disinfect all trash receptacles, add new liners

Monthly Cleaning Lists

Monthly cleaning lists are shorter than daily and monthly and should be limited to only those items that can be neglected without endangering the health or safety of the office population.

- Vacuum all fabric chairs (clean as needed)
- Vacuum all vents
- Dust all high surfaces, working top to bottom
- Vacuum and deep clean surface areas

Maintaining a Healthy Workplace

Using daily, weekly and monthly office cleaning lists can help you maintain a happier and healthier workplace. Clients and employees benefit from a clean environment. Disinfecting surfaces reduces the spread of cold and flu viruses, helping to reduce downtime for company employees. Different types of office spaces will require subtle changes to priorities in order to create and maintain a professional and healthy environment.

Deur daaglikse, weeklikse en maandelikse lyste vir skoonmaak van kantore aan te pas, kan skoonmaaktake volgens kantoorlokaal geprioritiseer word. Geen twee kantore is identies nie. Groter kantoorbevolkings kan in sommige skoonmaakstake 'n groter frekwensie vereis teenoor kantore met minder personeel. Wanneer 'n skoonmaakdiens gehuur word, kan 'n kantoorbestuurder skoonmaaklyste gebruik om skoonmaaktake te organiseer en om die beste pryse en diensopsies te koop.

Ontwerp daaglikse, weeklikse en maandelikse lyste vir kantoor skoonmaak

Die daaglikse, weeklikse en maandelikse skoonmaaklyste wat hier beskryf word, is gebaseer op die behoeftes van 'n middelgrootte kantoor. Sommige daaglikse take moet miskien twee keer of meer daaglik vir groter kantoor groottes uitgevoer word, terwyl ander daaglikse take moontlik na weeklikse take in kleiner kantore verplaas kan word. Elke taaklys bied 'n stel riglyne vir die ontwikkeling van skoonmaaklyste vir u kantoor grootte.

Daaglikse skoonmaaklyste

Daaglikse skoonmaaklyste bestaan uit die absolute minimum take wat voltooi moet word om 'n kantoor skoon en sanitêr te hou vir kantoorwerkers. Daaglikse skoonmaaklyste sal die gemeenskaplike areas van 'n kantoor bespreek, insluitend die ontvangs- of voorportaal, werkruimtes (kantore of hokkies), waskamers en die breekkamer of kombuisarea.

Die beste daaglikse skoonmaaklyste vir kantoorontvangs, voorportaal en werkareas moet die volgende insluit:

- Vloeroppervlaktes moet daaglik gestofsuig word (insluitend teëls)
- Ontsmetting van alle harde vloer- en teëlareas
- Maak asblikke leeg, was soos nodig en voeg nuwe vullissakke in
- Standaard glasskoonmaker om alle glasareas af te vee
- Vee harde oppervlaktes af met 'n ligte ontsmettingsmiddel
- Pollitoer koper en ander blinkhede
- Maak mure en geveerde oppervlaktes skoon indien nodig
- Vee af: handvatsels, ligskakelaars en boorde

Die beste daaglikse skoonmaaklyste vir breek- en waskamers (insluitend kombuiskamers) moet die volgende insluit:

- Maak asblikke leeg, was soos nodig en voeg nuwe voerings by
- Ontsmetingsmiddel wat alle harde oppervlaktes kan afvee
- Reinig en maak alle wasbakke, toilette, deure en toebehore in die waskamer skoon
- Vul seephouers weer op

- In die geval van 'n skottelgoedwasser, laai alle vuil skottelgoed in die skottelgoedwasser en skakel aan
- Vee alle weerkaatsende oppervlaktes, insluitend spieëls, koper en glas, af
- Gebruik spuit ontsmettingsmiddels aan die kante van alle oppervlaktes, insluitend toilette, deure, wasbakke en toerusting

Weeklikse skoonmaaklyste

Weeklikse skoonmaaklyste bevat groter kaartjies- en diep skoonmaakitems wat 'n gesonder werksomgewing vir werknemers en gaste van die kantoor skep.

- Politoer en vul alle harde houtoppervlakke, insluitend vloere en konferensietafels
- Vensters van squeegee-glas binne en buite (soos prakties)
- Leë yskas van alle werkers wat kos gebring het, skoon en ontsmet
- Maak die asblikhouers leeg en ontsmet dit, voeg nuwe sakke in

Maandelikse skoonmaaklyste

Maandelikse skoonmaaklyste is korter as daaglikse en maandeliks en moet beperk word tot slegs die items wat verwaarloos kan word sonder om die gesondheid of veiligheid van die kantoorbevolking in gevaar te stel.

- Stofsuig alle materiaal stoele (soos nodig)
- Stofsuig alle luggate
- Stof alle hoë oppervlaktes, werk van bo na onder
- Stofsuig en maak alle opeervlaktes goed skoon

Die instandhouding van 'n gesonde werkplek

As u daaglikse, weeklikse en maandelikse skoonmaaklyste gebruik, kan u 'n gelukkiger en gesonder werkplek in stand hou. Kliënte en werknemers vind baat by 'n skoon omgewing. Die ontsmetting van oppervlaktes verminder die verspreiding van koue- en griepvirsusse, wat daartoe bydra dat werknemers van die onderneming wegbly. Verskillende soorte kantoorruimtes sal subtiele veranderinge aan prioriteite vereis om 'n professionele en gesonde omgewing te skep en te handhaaf.

Employee Rights and Responsibilities

As a worker, you have a legal right to:

Before you refuse unsafe work, request that your employer eliminate the hazard and make it clear that you will accept an alternate assignment. The OSHA regulation only protects you if the danger can be proven to exist; if you refuse to work because you believe a condition is hazardous, but are proved wrong, OSHA does not protect you.
- To information on hazards in your workplace; chemicals used in your workplace; tests your employer has done to measure chemical, noise and radiation levels; and what to do if you or other employees are involved in an incident or are exposed to other toxic substances.

6. Om werk te weier wat jou in onmiddellike gevaar van ernstige skade plaas. Voordat jy onveilige werk weier, versoek dat jou werkgever die gevaar uitskakel en dit duidelik maak dat jy 'n alternatiewe opdrag sal aanvaar. Job Applications
Werksaanzoek

A job application form is used to gather information from job applicants during the hiring process. This form covers essential personal data and information to help make a hiring decision. Also known as an employment application or application for employment form

Tips for Using an Application for Employment Template:

- Make a generic application available to applicants to download, fill out and email back, print and return physically, or print it out yourself and hand it to potential applicants.
- If you're using job posting sites to advertise your job, allow the candidates to do everything electronically, via download and email.
- Compare the answers you receive on the generic job application directly to your job description, to be sure that applicants meet your needs.
- Scan completed applications quickly to make sure they're filled out, and that candidates meet the essential requirements.
- Compare your favorites side-by-side before deciding who to interview.
- Be sure to keep good applications on file, even if you can't hire the applicant right away - it's always good to have a group of potential employees for a hiring emergency.

Next Steps:

That should be everything you need to replace your old job application form with new printable applications, or start using them at your business and tick one more task off your new hire checklist.

Once you've got some good applicants, you may want to see our employment verification guide to help you screen them.

You may also find our employee information form and timesheet template useful at this stage.

If you've applied for a job, and haven't heard back yet, use this job application follow up email.

Types of Job Applications

If you're looking for a job, how will you apply? It depends on the employer. A job application can be completed in several ways.

There are online job applications, which are typically completed at an employer's website, at a hiring kiosk in a store or business, or on a mobile device using an app. In some cases, simply submitting a resume and cover letter online will be considered your application; you will not always be required to fill in a digital application form.

In many cases, though, digital applications will require you to input your data directly into their system (while frequently providing you the option to attach copies of your resume and cover letter as well).

Online Job Applications. There are thousands of sites where you can post your resume online and complete an online job application. Sometimes, you can apply online on job boards like Monster.com or job search engines like Indeed.com. Other times, you can apply directly on the company's website.

In-Person Job Applications. Many companies, especially retail and hospitality employers, expect applicants to apply in-person or at a kiosk in the business. It's not as complicated as applying online, but you will need to be prepared to apply and maybe even interview on the spot.

Email Job Applications. When you are using email to apply for jobs, it's important that all your communications are as professional as they would be if you were mailing a paper application. Here's advice on how to submit job applications via email.

Paper Job Applications. There are paper job application forms that you fill out if you apply in person for a position. See below for a sample job application form.

You will generally be required to provide your contact information, your work history (including companies worked for, positions held, salary, and length of employment), and your educational background. Some companies will also ask you to provide references with your job application.

'n Werksaansoekvorm word gebruik om inligting van werksoekers tydens die verhuringsproses in tesamel. Hierdie vorm dek noodsaaklike persoonlike data en inligting om te help om 'n huurbesluit te neem. Ook bekend as 'n indiensnemingsaansoek of aansoek om indiensnemingsvorm

Wenke vir die gebruik van 'n aansoekvorm of indiensnemingsvorm sjabloon:

1. Maak 'n generiese aansoek beskikbaar aan aansoekers om af te laai, in te vul en e-pos terug, druk en fisies terug te stuur, of druk dit self uit en handig dit aan potensiële aansoekers.
2. As jy gebruik maak webwerwe, laat die kandidate toe om alles elektronies te doen, via aflaai en e-pos.
3. Vergelyk die antwoorde wat jy ontvang op die generiese werkaansoek direk na jou werkbeskrywing, om seker te maak dat aansoekers aan jou behoeftes voldoen.
4. Skandeer voltooide aansoeke vinnig om seker te maak hulle is ingevul, en dat kandidate aan die noodsaaklike vereistes voldoen.
5. Vergelyk jou gunsteling langs mekaar voordat jy besluit wie om 'n onderhoud mee te voer.
6. Maak seker dat jy goeie aansoeke op lêer hou, selfs al kan jy nie die aansoeker dadelik huur nie - dit is altyd goed om 'n groep potensiële werknemers te hê vir 'n huur noodgeval.

Volgende stappe:

Dit moet alles wees wat jy nodig het om jou ou werk aansoek vorm te vervang met nuwe drukbare aansoeke, of begin om dit te gebruik by jou besigheid en merk nog 'n taak van jou nuwe huur kontrolelys.

Sodra jy goeie aansoekers het, wil jy dalk ons werksverifikasiegids sien om jou te help om hulle te skerm.

U kan ook in hierdie stadium ons werknemerinligtingsvorm en tydbladsjabloon nuttig vind.

As jy aansoek gedoen het vir 'n werk, en nog nie terug gehoor het nie, gebruik hierdie werksaansoek op e-pos..

Tipes Werksaansoeke

As jy op soek is na 'n werk, hoe sal jy aansoek doen? Dit hang af van die werkgever. 'n Werksaansoek kan op verskeie maniere voltooi word.

Daar is aanlyn werktoepassings, wat tipies op 'n werkgever se webwerf voltooi is, by 'n huurkiosk in 'n winkel of besigheid, of op 'n mobiele toestel met 'n program. In sommige gevalle sal die indiening van 'n CV en dekbriëf aanlyn oorweeg word; dit sal nie altyd nodig wees om 'n digitale aansoekvorm in te vul nie.

In baie gevalle sal digitale toepassings egter vereis dat u, u data direk in hul stelsel invoer (terwyl u gereeld die opsie het om kopieë van u CV en dekbriëf aan te heg).

Aanlyn Werksaansoeke. Daar is duisende webwerwe waar jy jou CV aanlyn kan plaas en 'n aanlyn werksaansoek kan voltooi. Soms kan jy aanlyn aansoek doen op werkborde soos Monster.com of werksoekenjins soos Indeed.com. Ander kere kan u direk op die maatskappy se webwerf aansoek doen.

Persoonlik Werksaansoeke. Baie maatskappye, veral kleinhandel- en gasvryheidswerkgewers, verwag dat aansoekers persoonlik of by 'n kiosk in die besigheid sal aansoek doen. Dit is nie so ingewikkeld soos die toepassing van aanlyn nie, maar jy sal nodig hê om bereid te wees om aansoek te doen en miskien selfs 'n onderhoud dan en daar.

E-pos Werksaansoeke. Wanneer jy e-pos gebruik om aansoek te doen vir werk, is dit belangrik dat al jou kommunikasie so professioneel is as wat hulle sou wees as jy 'n papieraansoek pos. Hier is advies oor hoe om werksaansoeke per e-pos in te dien.

Papier Werksaansoeke. Daar is papierwerksaansoekvorme wat jy invul as jy persoonlik aansoek doen vir 'n posisie. Sien hieronder vir 'n werksaansoekvorm.

Inligting wat nodig is vir 'n indiensnemingsaansoek

Daar sal oor die algemeen vereis word om u kontakinligting, u werkgeskiedenis (insluitend maatskappye wat gewerk het, posisies gehou, salaris en lengte van indiensneming) en u opvoedkundige agtergrond te verskaf. Sommige maatskappye sal u ook vra om verwysings met u werksaansoek te verskaf.

Die volgende is 'n lys van die inligting wat jy kan gevra word om te voorsien wanneer jy aansoek doen vir 'n werk.

Curriculum Vitae

Kurrikulum Vitae

A CV (short for the Latin phrase curriculum vitae, which means “course of life”) is a detailed document highlighting your professional and academic history. CVs typically include information like work experience, achievements and awards, scholarships or grants you’ve earned, coursework, research projects and publications of your work. You may be asked to submit a CV when applying for jobs in academia or a job outside SA.

If you need help determining how to write a CV, it can be helpful to consult a template. In this article, we will provide additional background on the document along with an easy-to-follow CV example template to ensure you craft a powerful curriculum vitae that stands out to employers.

CV vs. Resume

A CV and resume are similar in that they're both documents that summarize your professional history, education, skills and achievements. They're also both documents you might provide an employer for consideration for an open position.

It is important to note that in the United States and most of Europe, resumes and CVs are not interchangeable. A resume is a shorter-form document that provides a concise overview of your previous roles, skills and details about your education. (The French word *résumé* translates to "abstract" or "summary.") A CV, on the other hand, is typically a longer, more detailed document focused largely on academic coursework and research.

There are a few exceptions, however. In India, South Africa and Australia, the terms CV and resume are interchangeable.

How to write a CV

While your CV should be specific to your background and tailor to the job for which you're applying, there are several steps you can take to ensure you write an effective CV. Most CVs include the following information:

1. Contact information
2. Academic history
3. Professional experience
4. Qualifications and skills
5. Awards and honors

'n CV (kort vir die Latynse frase-kurrikulumvitae, wat beteken "verloop van die lewe") is 'n gedetailleerde dokument wat jou professionele en akademiese geskiedenis beklemtoon.

CV's sluit tipies inligting in soos werkervaring, prestasies en toekennings, beurse of toekennings wat jy verdien het, kursuswerk, navorsingsprojekte en publikasies van jou werk. U kan gevra word om 'n CV in te dien wanneer u aansoek doen vir werk in die akademie of 'n werk buite die RSA.

As jy hulp nodig het om te bepaal hoe om 'n CV te skryf, kan dit nuttig wees om 'n sjabloon te raadpleeg. In hierdie artikel bied ons addisionele agtergrond op die dokument saam met 'n maklike CV-voorbeeld sjabloon om te verseker dat jy 'n kragtige curriculum vitae wat uitstaan vir werkgevers.

CV vs. Hervatting/oorsig

'n CV en Oorsig is soortgelyk aan die feit dat hulle albei dokumente is wat jou professionele geskiedenis, onderwys, vaardighede en prestasies opsom. Hulle is ook albei dokumente wat jy aan 'n werkgever kan voorsien vir oorweging vir 'n oop posisie.

Dit is belangrik om daarop te let dat in die Verenigde State en die meeste van Europa, hervatting en CV's is nie uitruilbaar nie. 'N oorsig is 'n korter-vorm dokument wat 'n bondige oorsig van jou vorige rolle, vaardighede en besonderhede oor jou opvoeding verskaf. (Die Franse woord *résumé* vertaal na "abstrakte" of "opsomming.") 'n CV, aan die ander kant, is tipies 'n langer, meer gedetailleerde dokument wat grootliks op akademiese kursuswerk en navorsing gefokus is.

Daar is egter 'n paar uitsonderings. In Indië, Suid-Afrika en Australië is die terme CV en Hervat uitruilbaar.

Hoe om 'n CV te op te stel

Terwyl jou CV spesifiek vir jou agtergrond moet wees en op maat van die werk waarvoor jy aansoek doen, is daar verskeie stappe wat jy kan neem om te verseker dat jy 'n effektiewe CV skryf. Die meeste CV's sluit die volgende inligting in:

1. Kontak besonderhede
2. Akademiese geskiedenis
3. Professionele ervaring
4. Kwalifikasies en vaardighede
5. Toekennings en eerbewyse
6. Publikasies
7. Professionele verenigings
8. Skenkings en genootskappe
9. Lisensies en sertifikate
10. Vrywilliger werk
11. Persoonlike inligting (opsioneel)
12. Stokperdjies en belangstellings (opsioneel)

Hier is sewe stappe om 'n eenvoudige CV te skryf:

1. **Sluit jou kontakinligting in.** Dit sluit jou volle naam, telefoonnommer en e-posadres in. Insluitend jou fisiese adres is opsioneel.
2. **Detail jou akademiese geskiedenis in omgekeerde-chronologiese volgorde.** Dit kan jou nagraadse-doktorale programme, nagraadse skool, voorgraadse skool en hoërskool insluit. Sluit slegs jou mees onlangse twee opvoedkundige ervarings in. Datums wat bygewoon is, is opsioneel.
3. **Teken jou professionele ervaring aan.** Lys die maatskappy of organisasie, werkstittel en datums in diens, begin met jou mees onlangse werk. Lys jou werkpligte, ervaring opgedoen en prestasies. Gebruik getalle om jou impak te meet indien moontlik.
4. **Sluit relevante vaardighede en kwalifikasies in.** Dit kan in 'n afsonderlike vaardighedsafdeling wees. Lees die werkbeskrywing om die belangrikste vaardigheidswerkgewers uit te lig. Dit kan beide harde en sagte vaardighede insluit wat jou die beste kandidaat vir die werk maak.
5. **Lys eer en toekennings.** Gebruik hierdie afdeling om jou prestasies in die veld wat verband hou met jou aansoek uit te stal. Begin met die toekenningsnaam gevolg deur die jaar toegeken, die organisasie wat jou die toekenning gegee het, en besonderhede oor die toekenning, soos hoe dikwels die toekenning gegee word, hoeveel mense dit ontvang, ens.
6. **Sluit relevante publikasies en aanbiedings in.** Sluit in relevante aanhalings van aanbiedings, referate, studies, boeke of ander publikasies wat vir jou professionele geskiedenis belangrik is. Vir publikasies, sluit skrywers, datum gepubliseer, opsomming, volume, bladsy en DOI nommer in. Vir aanbiedings, sluit die titel, datum en ligging van aanbieding in.
7. **Lys jou professionele verenigings en affiliasies.** Dit moet die naam van die organisasie, geografiese ligging of hoofstuk en datums van aktiewe lidmaatskap insluit.

Sommige werkgewers, veral na-sekondêre instellings, kan hul eie CV-sjabloon en Hervatting-voorbeelde bied om seker te maak jy sluit alle vereiste inligting in die formaat wat hulle verkies in. Voordat jy jou aansoek indien, soek enige spesiale CV-riglyne wat die werkgewer uiteengesit het. Byvoorbeeld, sommige instansies kan van jou vereis om slegs relevante kursuswerk, veldwerk, verhandelings en professionele verwysings te lys.

HOW TO CREATE A CORPORATE IDENTITY

A corporate identity is important to any business or organization, regardless of size, mission or purpose. Your identity will

define who you are and what you do for customers, partners and the public. It also sets you apart from your competition. An effective corporate identity will make you easily recognizable through your design, actions, and communications.

HOW TO DECIDE AND DESIGN A CORPORATE IMAGE

1. Visualize the future.

The company has to look at the company's five-year plan, considering what image and reputation they want over the period. Let their brand evolve out of their goals and mission. Examples of successful corporate identity include BMW, McDonald's and Nike and the list goes on.

2. Create corporate identity material.

These materials include, but are not limited to, your logo, business stationery, business cards, packaging and marketing materials, such as brochures. Keep all aspects of your brand consistent across all materials.

3. Examine your business Identity.

Identifying what you want end-users to walk away thinking about your product or service. If you run a children's entertainment company, your identity will be colorful and lighthearted.

4. Gear your identity elements to your customer base.

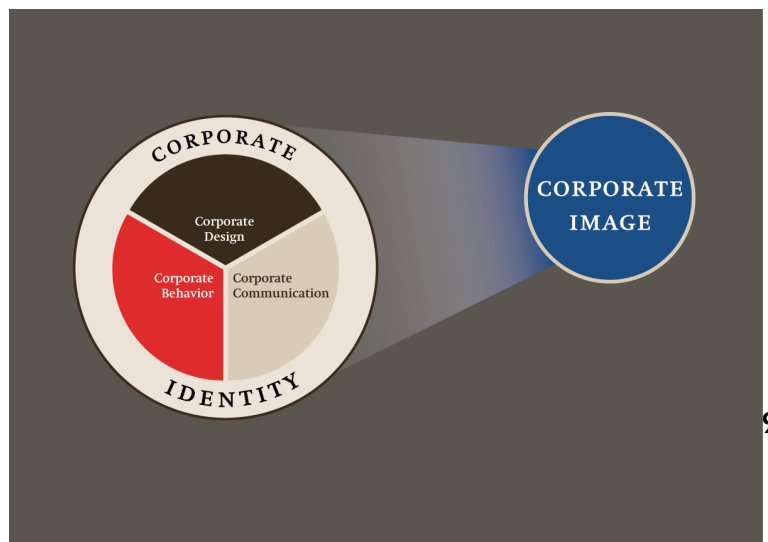

If, for example, you operate a lunch service in a financial district, include conservative components in your materials. This type of approach assures potential customers that you are dependable and you appreciate their values. Creating a corporate Identity includes identifying with your customers.

5. Incorporate color and typeface that reflects your business image.

What you determined in the creative processing phase. Consider bring professional help into this final and critical stage of creating your corporate identity. Revisit your identity elements regularly to maintain consistency with your company's growth and development.

HOE OM 'N CORPORATIEWE IDENTITEIT TE SKEP

'N Korporatiewe identiteit is belangrik vir enige onderneming of organisasie, ongeag die grootte, missie of doel. Die identiteit sal bepaal wie jy is en wat jy vir kliënte, vennote en die publiek doen. Dit

onderskei jou ook van jou kompetisie. 'N Effektiewe korporatiewe identiteit sal jou maklik herkenbaar maak deur jou ontwerp, aksies en kommunikasie.

HOE OM OP 'N KORPORATIEWE BEELD TE BESLUIT EN TE ONTWERP

1. Visualiseer die toekoms.

Die maatskappy moet na die vyfjaarplan van die onderneming kyk na watter beeld en reputasie hulle gedurende die tydperk wil hê. Laat hul handelsmerk ontwikkel uit hul doelwitte en missie. Voorbeelde van suksesvolle korporatiewe identiteit is BMW, McDonald's en Nike en die lys duur voort.

2. Skep korporatiewe identiteitsmateriaal.

Hierdie materiaal bevat, maar is nie beperk nie tot, jou logo, skryfbehoeftes, besigheidskaartjies, verpakings- en bemerkingsmateriaal, soos brosjures. Hou alle aspekte van u handelsmerk konsekwent in alle materiale.

3. Bestudeer u sake-identiteit.

Identifiseer wat jy wil hê dat eindgebruikers moet wegstap en nadink oor jou produk of diens. As u 'n kindervermaakonderneming bestuur, sal u identiteit kleurvol en lighartig wees.

4. Pas u identiteitselemente op u kliëntebasis aan.

As u byvoorbeeld 'n middagdiens in 'n finansiële distrik bedryf, moet u konserwatiewe komponente in u materiaal insluit. Hierdie tipe benadering verseker potensiële kliënte dat u betroubaar is en dat u waardes waardeer. Die skep van 'n korporatiewe identiteit sluit in die identifisering met u kliënte.

5. Inkorporeer kleur en lettertipe wat u besigheidsbeeld weerspieël.

Wat u bepaal het in die kreatiewe verwerkingsfase. Oorweeg dit om professionele hulp in hierdie laaste en kritieke fase van die skepping van u korporatiewe identiteit te bring. Bestudeer u identiteitselemente gereeld om konsekwent te wees met die groei en ontwikkeling van u onderneming.

Filing and the Office

Few things are more important to a smooth-running office than a filing system that works. Whether you are the only one accessing files or you share with a staff, the filing system you choose must be organized so everyone can find what they're looking for. If the filing system is difficult to use, you will hang onto papers for fear of losing them in the files, and you'll soon have piles of papers covering your desk.
